820 Gessner rd ste# 1600

Houston, TX

MIRUS is a leader in the delivery of Business Intelligence and Data Warehousing solutions to the chain restaurant industry. Located in Houston, TX.

Our tightly knit development team builds and maintains MIRUS software products to enhance our ever-changing clients needs. It is a challenging environment where you will have the opportunity to work with extremely bright, motivated individuals focusing on Java, Ajax, Open Source Technologies and finding the cutting edge products to help MIRUS grow.

Basic/Preferred Skills:

* Java Programming Language

* SQL, JavaScript, HTML, CSS and XML

We are seeking a candidate with strong communication, ability to learn and problem-solving skills. A detailed and results-oriented engineer will make a perfect fit to our dynamic team.

MIRUS offers a competitive compensation package and the challenge of building an industry leader.

Only candidates whose profiles closely match requirements will be contacted during this search.

candidate must have M.S in Computer Science

please email your resume to jobs@mirus.com with cover letter and we are also interested to know about any academic achievements.
